♦ TRANSFER DEGREE MIDDLETOWN CAMPUS

Career and Transfer Focus

This program will comprehensively prepare you to transfer to SUNY New Paltz, through a mixture of general required courses, education courses, and advanced mathematics courses. After earning your associate's degree at SUNY Orange, you will be positioned to pursue a Bachelor's Degree and New York State Initial Teaching Certification at SUNY New Paltz. You will be prepared to enter the world of teaching middle and high school students in a public school setting, where you will build relationships with students while planning lessons and experiences that foster an understanding of mathematics.

Three Reasons to Consider the JRTEP A.S. (7-12 Mathematics)

- 1. Experienced faculty members, with public school teaching experience, who provide extensive support in achieving learning goals.
- 2. Meaningful, appropriate, and high-quality instruction, paired with observation hours in school settings.
- 3. An excellent, affordable start, which prepares students for successful transfer to SUNY New Paltz, with many of the courses transferring smoothly to other colleges.

Keep This in Mind

Students must have a 3.0 CQPA and receive a grade of B or better in both ENG 101 and ENG 102 in order to be accepted into SUNY New Paltz's Teacher Education program.

Students will complete an associate's degree at SUNY Orange, and then apply for transfer to SUNY New Paltz to attain a bachelor's degree and initial teaching certification.

Students be required to engage in classroom observations in local area school settings in this program.

JRTEP A.S. (7-12 Mathematics) Gateway Courses:

- Gateway courses: ENG 101, MAT 205, PSY 111
- Key courses: ENG 101, ENG 102, EDU 207, MAT 206

Courses above have been recommended by the department to help introduce you to the program (Gateway courses) and guide you in selecting courses that will provide you with the best academic experience (Key courses and suggested Electives).
