

JRTEP A.S. (7-12 Biology) Degree Map

◆ TRANSFER DEGREE M MIDDLETOWN CAMPUS

Career and Transfer Focus

This program will comprehensively prepare you to transfer to SUNY New Paltz, through a mixture of general required courses, education courses, and advanced Biology courses. After earning your associate's degree at SUNY Orange, you will be positioned to pursue a Bachelor's Degree and New York State Initial Teaching Certification at SUNY New Paltz. You will be prepared to enter the world of teaching middle and high school students in a public school setting, where you will build relationships with students while planning lessons and experiences that foster an understanding of biology.

Three Reasons to Consider the JRTEP A.S. (7-12 Biology)

1. Experienced faculty members, with public school teaching experience, who provide extensive support in achieving learning goals.
2. Meaningful and high-quality instruction provided by knowledgeable biology faculty in state of the art laboratories.
3. An excellent, affordable start, which prepares students for successful transfer to SUNY New Paltz, with many of the courses transferring smoothly to other colleges.

Keep This in Mind

Students must have a 3.0 CQPA and receive a grade of B or better in both ENG 101 and ENG 102 in order to be accepted into SUNY New Paltz's Teacher Education program.

Students will complete an associate's degree at SUNY Orange, and then apply for transfer to SUNY New Paltz to attain a bachelor's degree and Initial teaching certification.

Students will be required to engage in classroom observations in local area school settings in this program.
