

Teaching Assistant Degree Map

■ CAREER CERTIFICATE
 M MIDDLETOWN CAMPUS
 DL DISTANCE LEARNING

A Day in the Life ...

Working in a public school setting as a teaching assistant, you will work closely with children, sometimes one-on-one, to help support learning. You will have the opportunity to have positive interactions with children, and assist classroom teachers as they carry out learning experiences during the school day.

Three Reasons to Consider the Teaching Assistant Certificate

1. Experienced faculty members, with classroom teaching experience, who provide extensive support in achieving learning goals.
2. An excellent, affordable start, which helps prepare students either to begin as a teaching assistant, or to progress through the teaching assistant levels, for those who are already working.
3. All courses required in this program can be applied to our Jointly Registered Teacher Education Program (JRTEP) or Liberal Arts program for those who wish to continue their teacher training and become certified classroom teachers.

Keep This in Mind

This is a college certificate, not NYS certification. In order to become a Teaching Assistant in New York, there are several requirements that must be met, including successfully completing the Assessment of Teaching Assistant Skills (ATAS) examination.

When you are looking to advance through the tiers as a Teaching Assistant in New York, you can use the credits you earn at SUNY Orange to help you.

In this program, we offer various options for specialization, depending on the age of the students you hope to work with.

Even though there are no college level math requirements in this program, students whose placement test results place them into a developmental math class(es) must take those developmental course(s) in order to graduate.

All credits in this program transfer directly into the JRTEP and Liberal Arts AA and AS programs, should you decide to pursue an associate's degree.

Teaching Assistant Gateway Courses:

- Gateway courses: PSY 111
- Electives:
 Restricted Electives Options: This program has been developed to include options matching the New York State Teaching Certifications:
 - Option 1: For students who do not wish to follow a particular grade range (View table below).
 - Option 2: Birth to 2nd Grade (Choose 3 courses from the table below)
 - Option 3: 1st to 6th Grade (Choose 3 courses from the table below)
 - Option 4: 7th to 12th Grade (View table below)

Courses above have been recommended by the department to help introduce you to the program (Gateway courses) and guide you in selecting courses that will provide you with the best academic experience (Key courses and suggested Electives).

Program Requirements

Course #	Course Name	P, C, P/C	Cr
ENG 101	Freshman English 1	P	3
