

JRTEP A.S. (B-6) Degree Map

◆ TRANSFER DEGREE M MIDDLETOWN CAMPUS

Career and Transfer Focus

This program will comprehensively prepare you to transfer to SUNY New Paltz's Education program, through a mixture of general required courses, education courses, and advanced courses in your chosen concentration area. After earning your associate's degree at SUNY Orange, you will be positioned to pursue a Bachelor's Degree and New York State Initial Teaching Certification at SUNY New Paltz. You will be prepared to teach children in UPK and kindergarten through 6th grade, in a public school, which includes building relationships with children and their families while planning and implementing engaging learning experiences.

Three Reasons to Consider the JRTEP A.S. (B-6) with Concentrations

1. Experienced faculty members, with public school teaching experience, who provide extensive support in achieving learning goals.
2. Meaningful, appropriate, and high-quality instruction, paired with observation hours in school settings.
3. An excellent, affordable start, which prepares students for successful transfer to SUNY New Paltz, with many of the courses transferring smoothly to other colleges.

Keep This in Mind

Students must have a 3.0 CQPA and receive a grade of B or better in both ENG 101 and ENG 102 in order to be accepted into SUNY New Paltz's Teacher Education program.

Students will complete an associate's degree at SUNY Orange, and then apply for transfer to SUNY New Paltz to attain a bachelor's degree and Initial teaching certification.

Students will be required engage in classroom observations in local area school settings in this program.

While you will likely be teaching all subjects, you will have the opportunity to share your enthusiasm for your chosen concentration with your students.
