A Day in the Life ...

The Associate in Applied Science degree program in Business Management prepares graduates to begin their career as management trainees, supervisors, and higher-level management positions in both profit and non-profit organizations. Students develop interpersonal and conceptual skills such as motivation, communication, performance appraisal, decision making, and problem-solving. Business tools such as accounting, computer information systems, law and entrepreneurship are integrated into the program.

Three Reasons to Consider Business Management

1. The programs concentration of business courses provides a strong background for employment.
2. Internship experience for those who want to build their resumes working for regional companies.
3. Nationally accredited by the Accreditation Council for Business Schools and Programs (ACBSP).

Keep This in Mind

A focus of the program is entrepreneurship for those interested in operating their own business or applying managerial skills to a public or private organization.

Business Management Gateway Courses:

- Gateway courses: BUS 103, BUS 161, ACC 153
- Key courses: BUS 161, ACC 153, BUS 203, MGT 201, MGT 203
- Electives: One Social Science elective (strongly recommend ECO 201 or ECO 202); one Restricted SUNY elective

Courses above have been recommended by the department to help introduce you to the program (Gateway courses) and guide you in selecting courses that will provide you with the best academic experience (Key courses and suggested Electives).

First Semester

Course #	Course Name	P, C, P/C	Cr
