

Nursing (Part-Time) Degree Map

● CAREER DEGREE **M** MIDDLETOWN CAMPUS **N** NEWBURGH CAMPUS

A Day in the Life ...

Nurses provide emotional and physical support to individuals and families throughout the lifespan in a variety of healthcare settings. They must use excellent communication skills and extensive technological know-how as they care for and advocate on behalf of clients. Critical thinking and good clinical judgment are the keys to excellence in nursing.

Three Reasons to Consider Nursing

1. First associate degree Nursing program in the United States
2. Highly respected in the community, with highly qualified, diverse faculty
3. Many options exist for career paths and advancement in the profession

Keep This in Mind

After completion of our A.A.S. in Nursing, graduates are eligible to take the National Council Licensure Exam (NCLEX) for the Registered Professional Nurse.

Graduates should plan on moving into an RN-to-BSN (Bachelor's in Nursing) program due to the new BSN in 10 years law recently passed.

If additional courses besides the program-specific courses are taken, they should be ones that can be useful for transfer to a Bachelor's of Nursing program.

Nursing is a high-impact, high stakes work environment which is very challenging as well as rewarding.

Nursing (Part-time) Gateway Courses:

- Key courses: NUR 101, NUR 102, NUR 201, NUR 202, NUR 203, NUR 205
- Electives: General elective, Liberal Arts elective. We recommend the following possible courses that may be required by most BSN programs: PSY 220, MAT 120, PHL 220.

Courses above have been recommended by the department to help introduce you to the program (Gateway courses) and guide you in selecting courses that will provide you with the best academic experience (Key courses and suggested Electives).
