A Day in the Life ...

The Accounting Procedures Certificate offers you a one-year introduction to accounting and general business literacy skills. A supplement to an A.A.S. degree to gain knowledge of the accounting cycle, including preparation of financial statements in accordance with Generally Accepted Accounting Principles (GAAP). This certificate assumes you have basic English and Math skills.

Three Reasons to Consider Accounting Procedures

1. Small classes to give you individual attention and provide individual encouragement from credentialed faculty.
2. Develop analytical skills through finding, extracting and evaluating financial information to make sound business decisions.
3. Nationally accredited by the Accreditation Council for Business Schools and Programs (ACBSP).

Keep This in Mind

Students learn to use correct accounting procedures through the accounting cycle.

Special Excel spreadsheet and QuickBook projects are provided to enhance the understanding of real-world applications. This certificate works well when stacked with an A.S. or A.A.S. degree program to diversify your knowledge.

Accounting Procedures Gateway Courses:

- Gateway courses: BUS 161, ACC 153
- Key courses: BUS 161, BUS 203, ACC 205, ACC 211, ACC 214 (students must achieve a grade of C or better in this course to graduate from the program)

Courses above have been recommended by the department to help introduce you to the program (Gateway courses) and guide you in selecting courses that will provide you with the best academic experience (Key courses and suggested Electives).
