

# Liberal Arts: Humanities and Social Science (Psychology Track) Degree Map

◆ TRANSFER DEGREE    M MIDDLETOWN CAMPUS    N NEWBURGH CAMPUS    DL DISTANCE LEARNING

## Career and Transfer Focus

This program is designed for students to transfer and complete a bachelor's degree in psychology.

Psychology is a flexible major with broad application to many fields.

Students may also take their studies further and pursue careers in mental health, education, business and community agencies.

Mental health professionals work with a variety of types of people with minor to more serious mental health issues in a variety of settings. Mental health workers need a committed focus on helping people manage their difficulties.

## Three Reasons to Consider the Psychology Track in Liberal Arts: Humanities and Social Science

1. You're interested in people and want to study the mind and behavior.
2. You're looking for a local, affordable, high-quality program that will give you an excellent foundation for further study at the Bachelor's level upon transfer.
3. You're looking for small class sizes where you can easily build academic and professional relationships with faculty and other students.

## Keep This in Mind

At the associate's degree level, a psychology concentration will contain courses that introduce the student to the study of psychology and some of its major subfields, and will transfer well into multiple 4-year degree programs. Therefore, a psychology concentration is a good starting point for multiple career options.

You have several elective choices in this degree. It's best to work with your advisor to carefully choose elective courses that will best complement your academic and career interests.

Maintaining a good GPA is critical to be competitive in pursuing admission to your transfer institution.

To pursue a career as a psychologist, you will need to take your studies beyond a 4-year degree to master's and/or doctoral level.

## Psychology Track Gateway Courses:

- Gateway courses: PSY 111
- Key courses: PSY 230
- Electives: PSY 220, PSY 221, PSY 222, PSY 240, PSY 260

*Courses above have been recommended by the department to help introduce you to the program (Gateway courses) and guide you in selecting courses that will provide you with the best academic experience (Key courses and suggested Electives).*

## First Semester

Course #	Course Name	P, C, P/C	Cr
ENG 101	Freshman English 1	P	3
MAT ____	SUNY Math (GE 1)		3
COM 101	Foundations of Communication		3
PSY 111	Introduction to Psychology		3
HIS ____	SUNY History (Cat A) (GE 4)		3
PES 100	Concepts of Physical Wellness		1
	Total Semester Credits		16
