A Day in the Life ...

As a New Media professional, you will be immersed in technology and communications. Your daily tasks demand not only passion and creativity, but also awareness of the different forms of content that are emerging across multiple platforms. You must continually learn how to engage a new audience. At the end of the day, you will discover that your role in today's media landscape is to maximize the potential of technology to impact storytelling and reinforce it with purpose and integrity.

Three Reasons to Consider New Media

1. Hands-on engagement with media technology.
2. Content is in high demand as more streaming platforms emerge.
3. Creativity can never be automated, and the digital artist will never be rendered obsolete.

Keep This in Mind

ART 230 requires 45 hours of practicum experience and should be taken during the third or fourth semester

- * You must own a USB 3.0 hard drive with a capacity of 1TB or higher
- * You should be prepared for intensive collaboration and project management
