◆ TRANSFER DEGREE    M MIDDLETOWN CAMPUS    N NEWBURGH CAMPUS    DL DISTANCE LEARNING

## Career and Transfer Focus

This program is designed for students to transfer and complete a bachelor's degree in anthropology.

Anthropology is a flexible major with broad application to many fields.

Students may also take their studies further and pursue careers in academia, business, government, community building, and the non-profit sector.

## Three Reasons to Consider the Anthropology Track in Liberal Arts: Humanities and Social Science

1. You're interested in people and want to study the diversity and breadth of the human experience.
2. You're looking for a local, affordable, high-quality program that will give you an excellent foundation for further study at the Bachelor's level upon transfer.
3. You're looking for small class sizes where you can easily build academic and professional relationships with faculty and other students.

## Keep This in Mind

At the associate's degree level, an anthropology concentration will contain courses that introduce the student to the study of anthropology and some of its major subfields, and will transfer well into multiple 4-year degree programs. Therefore, an anthropology psychology concentration is a good starting point for multiple career options.

You have several elective choices in this degree. It's best to work with your advisor to carefully choose elective courses that will best complement your academic and career interests.

Maintaining a good GPA is critical to be competitive in pursuing admission to your transfer institution.

To pursue a career as an anthropologist, you will need to take your studies beyond a 4-year degree to master's and/or doctoral level.

## Anthropology Track Gateway Courses:

- Gateway courses: ANT 101
- Key courses: ANT 102, ANT 103, ANT 104/220

*Courses above have been recommended by the department to help introduce you to the program (Gateway courses) and guide you in selecting courses that will provide you with the best academic experience (Key courses and suggested Electives).*
