

Liberal Arts: Humanities and Social Science Degree Map

◆ TRANSFER DEGREE M MIDDLETOWN CAMPUS N NEWBURGH CAMPUS DL DISTANCE LEARNING

Keep This in Mind

This transfer program is designed to ensure that students will fulfill a minimum of 45 liberal arts credits, 30 general education credits, seven of ten SUNY general education categories--including specifically meeting four SUNY General Education categories (Mathematics G1A, Natural Sciences G2A, Diversity G6A and Communication oral and written G10A), thereby positioning students for junior-level status when transferring to a school within the SUNY system.

Liberal arts and general elective courses should be carefully selected along with an advisor. These electives provide students the flexibility to explore many subjects or one discipline in more depth. Students should also work with an advisor to align electives with either SUNY Transfer paths or selected coursework that aligns with career goals.

Liberal Arts: Humanities and Social Science Gateway Courses:

- Gateway courses: ENG 101, SUNY Math (or pre-requisite leading to a SUNY Math)
- Key courses: COM 101
- Electives: to be selected based on career goals and in consultation with an advisor

Courses above have been recommended by the department to help introduce you to the program (Gateway courses) and guide you in selecting courses that will provide you with the best academic experience (Key courses and suggested Electives).

First Semester

Course #	Course Name	P, C, P/C	Cr
ENG 101	Freshman English 1 (G10A [w] & G11A)	P	3
MAT ____	SUNY Mathematics (G1A)		3-4
